

HARD TO TRAIN YOST PLAYERS

Michigan Men Not Required to
Work Before Season

Ann Arbor, Mich., Sept. 2.—Football men all over the country now are reported as doing hard labor to fit themselves for the coming season. Some of the Michigan players are pulling the same stuff but the wise ones are simply trying to show up at Perry field, September 15, in good shape as to wind, but overweight.

The Yost training system is a desperately hard one. If the men report on edge, they will kick before the first game with Case, October 4. The trainer's job at Michigan is hardly second to that of the coach. Steve Farrell must battle all season to keep the team from going stale.

Last year, under Yost's whip, the team did go stale. When pressure was highest, the eleven worked from early afternoon till after dark, outdoors, laid off a little while and went to it again inside. The increasing complication of the game made this necessary, as Yost saw it. But Farrell had not worked with Yost long enough to be aware of how much toning down the players needed and in the Penn game, between halves, the overworked machine broke down and the Quakers won.

Between the Penn and Cornell games, several of the stars transgressed rules and broke training. It did them good, as the play and the score of the battle with the "Big Red" eleven shows. This year, in all probability, Farrell will have worked out some system of keeping the men in shape.

Pittsburgh was the pastmaster of conditioning Yost eleven. He sent his men into every game overweight. They started a trifle dull, but in the last half were there with the punch. How many games were won in the final session under the rule of Pittsburgh, all followers of Michigan's fortunes remember. Kraenzlein, too, was successful in keeping the teams toned down. He worked on a trifle different system than Pitt, working each week as a separate problem instead of following a season plan. But he kept them in good shape.

But to keep a team in condition, at Michigan, the trainer must battle Yost. The coach does not pretend to condition. He teaches football after a strenuous fashion and it is up to the trainer to see that the men are in shape to use what he teaches them.

Penn Plans Practice.
Philadelphia, Pa., Sept. 2.—Candidates for the University of Pennsylvania football team will report at Franklin field on September 15, according to the call issued today by Captain Louis Young.

The faculty committee is said to be opposed to preliminary practice and no regular training will be indulged in until the men report in this city.

Vancouver, B. C., has an area of 16 square miles and a population of 125,000.

ENGLISH FOOTBALL IS WELL ORGANIZED BODY.

Michigan Men Not Required to
Work Before Season

The Football Association of England, the governing body of the soccer game, has some 15,000 amateur clubs in membership and about 400 professional clubs, while approximately 15,000 amateur players number 150,000 and its professional players about 7,000.

More than 8,000 matches are played every week during the season in England along in the presence of hundreds of spectators, while the game is equally popular in Ireland, Scotland and Wales.

**LAKES TAKE THE LEAD IN
SERIES FOR CHAMPIONSHIP**

**VICTORIES OVER HUBBELL AND
SURFACE TEAMS AT HUB-
BELL SATURDAY.**

Victories over the Hubbell and C. & H. Surface teams in the games played on the Caledonian diamond at Hubbell Saturday gave Lake Linden a substantial lead in the special series which has been arranged to settle the championship of the C. & H. baseball league. Both games were well played and interesting, indicating that the teams have kept in good condition despite the strike.

Heavy hitting enabled the Lakes to overcome the advantage Hubbell gained in the early part of the game Saturday and won by the score of 7 to 4. Glesner was in splendid form for the Lakes, holding the hard hitting Hubbell nine to six hits, while Smith was pounded for thirteen safeties.

The score by innings is as follows:
Lake 100 102 128-7 13 3
Hubbell 630 600 100-4 6 1
Batteries—Glesner and Parks; Smith and LaChance. Glesner fanned eleven and walked two. Smith fanned five and walked four. Glesner struck two and Smith one. Two-base hits, Valliere, Lake; Smith and Barkell. Hubbell, Empire, Hogan.

In the second game Foley of the C. & H. Surface team had a slight advantage over Valliere, who pitched for the Lakes, allowing but four hits to seven collected off the plants of Valliere. McLaughlin won the game for the Lakes, when he beat out a hint in the sixth inning, went to third on a wild pitch and stole home. Lake Linden won by the score of 3 to 2.

The score by innings is as follows:
Lakes 001 002 003-3 4 3
Surface 000 020 000-2 7 2
Batteries—Lake, Valliere and Parks; Surface, Foley and Charlie. Valliere fanned twelve, walked one and hit one. Foley struck out two and walked two. Two-base hits, Golin and Popin of the Lakes and Romph (2) for Surface. Hogan umpired.

Next Saturday the Hubbell team will meet both the Lakes and the C. & H. Surface teams on the Caledonian diamond and the week following the two Torch Lake teams will come to Calumet to meet the Surface team.

TO REVISE BALL RULES

President Murphy Approves Suggestion of Comisky.

Chicago, Ill., Sept. 2.—The suggestion of President Comisky, of the Chicago Americans, that the playing rules be revised next winter at a convention of managers, umpires and newspaper men, was endorsed today by President Murphy, of the local National League team.

"It has been my belief for several years that the playing rules are badly in need of re-codifying," said Mr. Murphy. "It looks especially bad to have the rules governing balks interpreted differently in the two major leagues."

"I believe that a committee comprising all major league managers and umpires and leading scribes would be unwieldy. A dozen men would do the work better. I think the meeting should be financed by the national commission, as the experts would be performing a great service. The playing rules should be thoroughly discussed and overhauled to the great benefit of the national game. In from ten days to two weeks, I believe."

MANY TRADES AMONG MAJORS

Boston Nationals Add Twenty-
Three Men to Roster

Cincinnati, O., Sept. 2.—Exclusive of those players obtained by major league clubs from minor league teams through optional agreements, 362 players have either been traded or purchased by major league teams from each other, or from minor league teams, during the last year, according to a list handed down by the national baseball commission. A large majority of these represent purchases from the minor leagues, some of these players not yet having reported to their teams. All trades or sales from Aug. 20, 1912, to date, are included.

The American league teams carried off the honors, 101 players coming to them during the last year, while an even 100 either entered the ranks of the National league or will when the deals or trades will have been consummated.

The Boston Nationals lead in men obtained. Twenty-three players, new to the Boston National team, have been contracted for during the above mentioned period. Cincinnati comes next with twenty-one. Detroit is third with nineteen. Other teams have gained the following players: Cleveland, 17; New York Americans, 15; Pittsburgh, 14; St. Louis Nationals, 14; Chicago Americans, 14; St. Louis Americans, 12; Boston Americans, 11; Washington, 11; Chicago Nationals, 10; New York Nationals, 4; Philadelphia Nationals, 4; Philadelphia Americans, 2.

THREE WOMEN MAGNATES.

Death of Phillies' President Brings Third Owner.

Philadelphia, Sept. 2.—Women's rights are becoming real and earnest in the major leagues. Today three women control the majority stock in three National league clubs—Philadelphia, New York and St. Louis. The hand of Providence gave this power to the women in each instance.

Mrs. Locke, widow of the president of the Phillies, is the most recent of the trio of women magnates. She obtained a controlling interest in the local National league club last week, when her husband died in Atlantic City. Although no official announcement was made at the time Mr. Locke purchased the Phillies last January, it is understood that he was able to provide enough capital to get a big block sufficient to control the club.

Since Mrs. Locke is said to be the sole beneficiary of his estate in Mr. Locke's will, that stock will revert to her, unless some other arrangement is made.

RIVAL YACHT RACES ARE OFF.

Sonder Class Races Between U. S. and German Boats.

Marblehead, Mass., Sept. 2.—The most important international contest this season in the yachting world, the German-American sonder class races, began off Marblehead today. By Friday, perhaps, it may be told if the Germans are the superiors of the Americans in small yacht designing, construction and rigging or the reverse.

President Wilson will probably present the cup which bears his name to the boat which wins. The Governor Fox cup is in the nature of a second prize and will be awarded on a system of points.

The sonder, or special type of boat, is a small yacht of about 35 feet overall, with east, displacement and sail area limited. Sonder yacht sailing is exciting sport, for the boats are very delicately balanced and work very quickly both on and off the wind.

MICHIGAN IS EIGHTEENTH

Camp Perry, O., Sept. 2.—The Michigan state rifle team finished eighteenth in the national rifle contests which were concluded last week here. The cavalry team won with a score of 2,675. Other leading scores were: United States Navy, second, 2,655; Oregon, third, 2,605; United States Marine Corps, fourth, 2,602; Iowa, fifth, 2,601.
